## WORK EXPERIENCE

### Frontend Developer

WiztecBD

August 2024– Present

(Onsite) – Kawran Bazar , Dhaka, Bangladesh

As a Frontend React Developer at WiztecBD, I develop cutting-edge, responsive web applications utilizing React.js, Next.js, and Tailwind CSS. Leveraging SCSS for efficient styling and Figma for seamless design collaboration, I craft scalable, user-friendly UI components that prioritize both performance and user experience. I work closely with cross-functional teams to deliver robust solutions, consistently staying up-to-date with the latest industry trends and front-end best practices.

### Frontend Developer

AlphaSaas

Jan 2024 – June 2024

(Remote) Bengaluru, Karnataka

As a React Frontend Developer at Alphasaaas, you specialize in creating intuitive, high-performance user interfaces for cutting-edge SaaS applications. By leveraging React, JavaScript, and modern web development practices, you deliver responsive, visually engaging, and seamless experiences that drive user satisfaction and business success.

### Frontend Developer

Theme-master (intern)

July 2022– Dec 2022

(Onsite) – Dhaka, Bangladesh

As a Front-End Developer Intern at Theme Master, I create responsive and visually appealing web pages using HTML, CSS, and JavaScript. I collaborate with the design team to implement and ensure the technical feasibility of UI/UX designs, test and debug code, and optimize web pages for performance. This role offers hands-on experience and the chance to contribute to real-world projects, enhancing my front-end development skills.
